Dear Emily Schmid,

Bayer U.S.
Crop Science
Regulatory Affairs

Following discussions between Bayer CropScience LP (Bayer) and EPA regarding Bayer's submissions on September 7, 2022 and October 18, 2022, Bayer is herein submitting an updated version of the XtendiMax With VaporGrip Technology master label to support Bayer's proposal to reduce the cut-off of date for in-crop applications of XtendiMax from June 30th to June 12th for Arkansas (AR), Illinois (IL), Indiana (IN) and Nebraska (NE), from June 20th to June 12th in Iowa (IA) and from June 30th to June 20th in South Dakota (SD). Bayer's proposal also includes an additional growth stage cut-off of V4 in soybean and 1st square in cotton in AR, IA, IL, IN and NE.
